Notes:

1. King III recommends that the remuneration of the three highest paid executives, excluding executive directors, be disclosed. This information is not disclosed separately, due to the value of these individuals to the group and the highly competitive South African retail environment, but has been disclosed in aggregate on page 51 of the Integrated Report.
2. The chairman of the board remained a member of the audit and risk committee for the period under review.
3. The board as a whole with the assistance of its sub-committees considers and oversees compliance. There is no independent compliance position within the Company at present.
4. The group does not have an independent internal audit function as the size of the group does not justify the cost of developing and maintaining an internal audit function at this stage. The audit and risk committee together with the group's finance department and external auditors fulfils this function. The board remains ultimately responsible to oversee internal financial processes.
5. There was no external assurance on the integrated report. The board will consider the benefits of obtaining external assurance on the integrated report relative to the cost implications thereof.
